

Regulation 15: Notice of changes

Care Quality Commission (Registration) Regulations 2009: Regulation 15

The intention of this regulation is to ensure that CQC is notified of specific changes in the running of the service so that CQC can be assured that the provider has taken appropriate action.

The provider must inform CQC when:

- The person who manages or carries on the service changes
- There is a change to the registered details of the service and any individual, partnership or organisation who manage or carry it on
- The registered person becomes financially insolvent
- The service closes.

Providers must use forms provided by CQC to make notifications under this regulation. Further information about how to make any required notification to CQC can be found [here](#).

CQC can prosecute for a breach of this regulation or a breach of part of the regulation. This means that CQC can move directly to prosecution without first serving a warning notice. Additionally, CQC may also take any other regulatory action. See the [offences section](#) for more detail.

CQC must refuse registration if providers cannot satisfy us that they can and will continue to comply with this regulation.

There is no further guidance for this regulation.
