

# Regulation 19: Fees

## Care Quality Commission (Registration) Regulations 2009: Regulation 19

The intention of this regulation is to make sure that providers give timely and accurate information about the cost of their care and treatment to people who use services.

To meet this regulation, providers must make written information available about any fees, contracts and terms and conditions, where people are paying either in full or in part for the cost of their care, treatment and support.

CQC can prosecute for a breach of this regulation or a breach of part of the regulation. This means that CQC can move directly to prosecution without first serving a warning notice. Additionally, CQC may also take other regulatory action. See the [offences section](#) for more detail.

CQC must refuse registration if providers cannot satisfy us that they can and will continue to comply with this regulation.
