Well-led

When we assess a quality statement for NHS trusts we will usually look at evidence in the categories listed.

Shared direction and culture

We have a shared vision, strategy and culture that is based on transparency, equity, equality and human rights, diversity and inclusion, engagement, and understanding and meeting the needs of people and our communities.

Evidence categories

- [people's experience of health and care services](#)
- [feedback from staff and leaders](#)
- [feedback from partners](#)
- [processes](#)

Capable, compassionate and inclusive leaders

We have inclusive leaders at all levels who understand the context in which we deliver care, treatment and support and embody the culture and values of their workforce and organisation. They have the skills, knowledge, experience and credibility to lead effectively and do so with integrity, openness and honesty.

Governance management and sustainability

We have clear responsibilities, roles, systems of accountability and good governance to manage and deliver good quality, sustainable care, treatment and support. We act on the best information about risk, performance and outcomes, and we share this securely with others when appropriate.
