

Safe

Safety is a priority for everyone and leaders embed a culture of openness and collaboration. People are always safe and protected from bullying, harassment, avoidable harm, neglect, abuse and discrimination. Their liberty is protected where this is in their best interests and in line with legislation.

Where people raise concerns about safety and ideas to improve, the primary response is to learn and improve continuously. There is strong awareness of the areas with the greatest safety risks. Solutions to risks are developed collaboratively. Services are planned and organised with people and communities in a way that improves their safety across their care journeys. People are supported to make choices that balance risks of harm with positive choices about their lives. Leaders ensure there are enough skilled people to deliver safe care that promotes choice, control and individual wellbeing.
